VIENNA 2012

2nd ANNOUNCEMENT

of the World's leading Conference in Periodontology

Updated reprint as per February 2012

Gernot Wimmer

Chairman
on behalf of the Europerio 7 Organising Committee

Dear colleagues and friends,

It is both my honour and pleasure to invite you to Europerio 7, due to take place from June 6 – 9, 2012 in Vienna. Once again, the Organising Committee has strived to put together a comprehensive programme, to uphold Europerio's reputation as the World's leading Conference in Periodontology and Implant Dentistry.

As you can see, renowned international speakers have been invited not only to share their latest findings both from the fields of research and of clinical application, but also to address our participants' varied interests.

For four days, dentists, specialists and dental hygienists, along with our industry partners, will be drawn to Vienna by the fascinating challenges posed by Periodontology and Implant Dentistry.

In particular, I call upon the growing number of young scientists the world over to present their findings to Europerio 7's large audience, and encourage them to apply for the prestigious Jaccard-EFP Prize, tendered once again for outstanding periodontal research.

Beyond that, Vienna in itself is always worth a trip! Spend memorable hours in this global city of art while enjoying some of the countless pleasures it is so famous for – whether during our carefully selected social programme, in the company of our sponsors, members of your society, or with your friends and loved ones.

To read all about Europerio 7, and to register, please visit www.europerio7.com.

I feel certain that Europerio 7 will be an outstanding event, and cordially invite you to be a part of it!

See you in Vienna!

THURSDAY, JUNE 7, 2012

MAIN AUDITORIUM

Plenary Lecture

Basic mechanisms of disease pathogenesis | Josef Penninger, Austria

Periodontal Plastic Surgery

A scientific approach to Periodontal plastic surgery | Alexandre Sarfati, France

Aetiology and management of mucogingival defects | Mariano Sanz, Spain

Microsurgical approaches | Otto Zuhr, Germany

Implantology – Implants for compromised situations

Short implants for limited bone volume | David Nisand, France

How to manage the implant in a compromised position | Carlo Tinti, Italy

Wide dental implants as alternatives to sinus floor elevation | Hugo de Bruyn, Belgium

Advances in Non-surgical therapy – maximizing the benefit

Quality control of periodontal therapy | Oystein Fardal, Norway

The cost-effectiveness of periodontal treatments | Peter Heasman, United Kingdom

Adjunctive use of antibiotics in periodontal therapy. Data from the prospective multicenter

ABPARO trial | Benjamin Ehmke, Germany

AUDITORIUM

Forum for Specialists: Implantology – Computer aided treatment

Use of Cone Beam CT in implant planning | Andrew Dawood, United Kingdom
Indications and limitations for implant guided surgery | Tommie van de Velde, Belgium
CAD CAM Technology | Oliver Hugo, Germany

Forum for Specialists: Periodontology – Periodontal Surgery – current techniques and applications

Are there still indications for periodontal surgery today? | Peter Eickholz, Germany
Minimally invasive surgery | Leonardo Trombelli, Italy
Periodontal surgery with lasers | Boris Gaspirc, Slovenia

Forum for Specialists: Implantology – Peri-implant Soft tissue problems and management

Soft tissue health and Peri-implant mucositis | Anne-Marie Roos-Jansåker, Sweden
Manipulation of the gingival margin for aesthetic and restorative purposes | Tiernan O'Brien, Ireland
Risk indicators for major soft tissue deficiencies around single implants: a multivariate analysis | Jan Cosyn, Belgium

PERIODONTOLOGY SESSIONS

New Insights into the Host response in Periodontitis

New insights into the complexity of microbiological infections in periodontitis | Wim Crielaard, The Netherlands
Neutrophil extracellular traps – a new paradigm in innate immunity | Iain Chapple, United Kingdom
New insights into the resolution of inflammation | Thomas Van Dyke, United States of America

Periodontal Medicine

The complex inter-relationship of periodontitis and diabetes | Tellervo Tervonen, Finland
Genetic predisposition for periodontitis and CVD | Bruno Loos, The Netherlands
Obesity, systemic inflammation and periodontitis | Francesco D'Aiuto, United Kingdom

EFP / AAP SESSION

EFP / AAP session – Latest therapies and emerging technologies

Recent advances in the development of vaccination and host-modulation therapy | Lior Shapira, Israel
Gene delivery and novel biomaterials | William Giannobile, United States of America
Laser applications in periodontal therapy | George Romanos, United States of America

DENTAL HYGIENIST SESSIONS

Behaviour, psychology and quality of life

Health behaviour change in the dental practice | Jean Suvan, United Kingdom

Individually tailored prevention | Birgitta Jönsson, Sweden

Quality of life before and after periodontal therapy | Pia Andersson, Sweden

What is the role of Anti-microbials in management of periodontal disease?

Antibiotics: for every perio patient or the selected few? | Andrea Mombelli, Switzerland

Anti-infective treatment of periodontitis | Eija Kononen, Finland

Local antibiotics in periodontal therapy | Bettina Dannewitz, Germany

THEMED RESEARCH COMMUNICATIONS - INTRODUCTIONS

Periodontal medicine | Penelope Hodge, United Kingdom

Periodontal therapy | Francesco Cairo, Italy

Periodontal regeneration | Andreas Stavropoulos, Denmark

FRIDAY, JUNE 8, 2012

MAIN AUDITORIUM

Plenary Lecture

The maxillary sinus – anatomical and pathological consideration | Heinz Stammberger, Austria

Gingival recession – biology, aetiology and management

Cellular and molecular regulation of periodontal wound healing by local and systemic factors | James Deschner, Germany

Assessment of and conservative management of gingival recession | Rafael Blanes, Spain

Surgical management of gingival recession – comparison of techniques | Giovanni Zucchelli, Italy

Implantology – rapid treatment protocols – surgery and prosthodontic

Immediate implants in the aesthetic zone | Markus Hürzeler, Germany

Immediate implants and immediate loading in molar areas | Juan Blanco, Spain

Immediate loading protocols: keys to success, challenges and complications | Martin Lorenzoni, Austria

Periodontal management of molar teeth – How successful?

The problem of periodontal involvement of molar teeth | Maurizio Tonetti, Italy

Current management of furcations | Søren Jepsen, Germany

Long-term survival of periodontally compromised teeth. How does it work and how much does it cost? | Gianfranco Carnevale, Italy

AUDITORIUM

Forum for Specialists: Periodontal Regeneration – still a challenge?

Biological challenge of Periodontal regeneration | Francis Hughes, United Kingdom

Meeting the challenge in infrabony defects | Pierpaolo Cortellini, Italy

Meeting the challenge in furcation defects | Anton Sculean, Switzerland

Forum for Specialists: Implantology – Bone grafting

Extraction socket management | Aslan Gokbuget, Turkey

Reconstruction of the atrophic posterior maxilla: Sinus elevation or vertical guided bone regeneration? | Eric Rompen, Belgium

The role of Guided bone regeneration in ridge augmentation | Isabella Rocchietta, Italy

Forum for Specialists: Periodontology – Role of antimicrobials & anti-inflammatories

Role of antimicrobial peptides in treatment of periodontal disease | Henrik Dommisch, Germany

Biofilm control – the use of systemic antibiotics and antimicrobials | David Herrera, Spain

Anti-inflammatories in the control of periodontitis | Philip Preshaw, United Kingdom

Forum for Specialists: Implantology – treating the periodontitis patient

What are the problems in treating the periodontal patient? | Giovanni Salvi, Switzerland

Long term results of implant therapy in periodontally compromised patients | Mario Rocuzzo, Italy

How may prosthodontics be used to improve aesthetic outcome | Ueli Grunder, Switzerland

PERIODONTOLOGY SESSIONS

Aggressive periodontitis

Aggressive and chronic periodontitis – what are the differences? | Cristiano Tomasi, Sweden

Microbial analysis of patients with aggressive periodontitis | Thomas Beikler, Germany

Antibiotics in the management of aggressive periodontitis | Gareth Griffiths, United Kingdom

Periodontology – risk factors and management

Importance of tobacco smoking among other risk factors in periodontal diseases | Christoph Ramseier, Switzerland

Periodontal infectogenomics: the role of genetic factors in influencing the subgingival microbiota |

Luigi Nibali, United Kingdom

Considerations for the management of the periodontal patient with diabetes mellitus | Evanthia Lalla, United States

Periodontal maintenance treatment in practice

Quantifying the inflammatory burden – the Periodontal inflamed surface Area | Frank Abbas, The Netherlands

Supportive periodontal care and retreatment in private practice: Realities and limitations | Andreas Parashis, Greece

Long-term outcome of teeth used as abutments in patients affected by severe periodontal disease |

Gerry Linden, United Kingdom

ASIAN PACIFIC SESSION

The infection burden – What does it mean? | Gregory J Seymour, New Zealand
Non-surgical therapy for aggressive periodontitis? | Huanxin Meng, China
Should and can we treat gingival recession? | Esmonde F Corbet, China

DENTAL HYGIENIST SESSIONS

How does understanding aetiology influence management?

Periodontitis as a multifactorial disease | Marja Laine, The Netherlands
Periodontal pocket formation: understanding the pathology and disease progression | Dieter Bosshardt, Switzerland
Microbiology and bacterial sampling – how may it influence management? | Christian Verner, France

Therapy 2

Toothbrushes to improve gingival health – what advances have been made? | Martijn Rosema, The Netherlands
Toothpastes – how effective in plaque and gingivitis control? | Olivia Marchisio, Italy
Mouthrinses to improve gingival health – choice and applicability | Danielle van Strydonck, The Netherlands

Therapy 3

Do lasers / photodynamic therapy have a role in periodontal treatment | Dagmar Else Slot, The Netherlands
Minimal intervention techniques in periodontitis management | Philip Ower, United Kingdom
Prevention and treatment of peri-implantitis | Bernita Bush, Switzerland

Mucosal and dentine sensitivity

The effect of mucosal lesions on plaque control and their management | Monique Stokman, The Netherlands
Plaque control and mechanisms of dentine hypersensitivity | Mark Ide, United Kingdom
Evaluation of treatment modalities for dentine hypersensitivity | Nicola West, United Kingdom

THEMED RESEARCH COMMUNICATIONS - INTRODUCTIONS

Aetiology and Pathogenesis of periodontal diseases: challenging the paradigm | Alpdogan Kantarci, United States
Diagnosis and risk factors | Thomas Kocher, Germany
Control of infection / inflammation | Norbert Cionca, Switzerland
Periodontal systemic interaction | Joerg Meyle, Germany

SATURDAY, JUNE 9, 2012

MAIN AUDITORIUM

Orthodontic treatment approaches in the advanced periodontal case

Influence of orthodontic tissue remodelling on periodontal healing | Jean Louis Giovannoli, France
Piezocision: rapid orthodontic tooth movement while correcting soft and hard tissue deficiencies | Serge Dibart, France / United States of America
The role of the Orthodontist | Frank Weiland, Austria

Plenary Lecture

Magnetic resonance and CT imaging in diagnosis and treatment | André Gahleitner, Austria

Peri-implantitis – a challenge for all

Pathogenesis of peri-implantitis and periodontitis. Similarities and discrepancies | Nicola Zitzmann, Switzerland
Plaque formation on different implant surfaces and other risk factors | Marc Quirynen, Belgium
Limitations of current methods of treatment | Stefan Renvert, Sweden
What future treatments may work | Frank Schwarz, Germany

AUDITORIUM

Practical approaches to maxillary sinus augmentation surgery

The diagnosis and management of sinus pathology prior to sinus augmentation | Pascal Valentini, France
Lateral approach to sinus grafting | Tiziano Testori, Italy
The Osteotome technique for within site augmentation | Paul Palmer, United Kingdom

Nutrition in the management of periodontal disease

The potential of probiotics | Wim Theugels, Belgium
The nutritional approach | Uebel van der Velden, The Netherlands

PERIODONTOLOGY SESSIONS

Forum for Specialists: Periodontology – periodontal plastic surgery

Is there a need for mucogingival surgery? | Daniel Etienne, France
Sub-epithelial connective tissue graft for treatment of gingival recessions with and without Enamel Matrix Derivative | Giulio Rasperini, Italy
Use of microsurgical and minimally invasive techniques | Stefan Fickl, Germany

LEHAR OPEN SESSION

Plenary Lecture

How critical is the control of interproximal plaque for oral health? | Fridus van der Weijden, The Netherlands

Halitosis - Implications in the dental practice

Intra-oral halitosis | Edwin Winkel, The Netherlands

Extra-oral halitosis | Albert Tangerman, The Netherlands

FORUM FOR SPECIALISTS

Anatomical pitfalls

Anatomical pitfalls | Gabor Tepper, Austria

Bookings can be made online starting from Thursday, **September 15, 2011**.

Please note that in order to make a hotel reservation, you need to register for the conference at the same time. Reservations will be handled on a "first come, first served" basis.

Please note, that hotel bookings can only be accepted and confirmed upon receipt of the deposit payment required per room (1 night).

The number of nights booked is binding and will serve as the basis for your hotel invoice. In case of early departure, the hotel is entitled to charge all nights booked. The balance between the deposit and your total invoice must be settled directly with the hotel.

If the hotel requested is no longer available, Mondial Congress & Events will do its utmost to offer similar accommodation. This may, however, involve a change in price category.

Deadline for reservation and cancellation

We recommend early booking to ensure availability.

After Monday, February 27, 2012 room availability can no longer be guaranteed.

For cancellations received by **Monday, February 27, 2012**, an administrative fee of EUR 40 will be charged.

For cancellations received after that date, deposit payments shall be forfeited.

Only written cancellations may be accepted. Reimbursements will be made after the conference.

Group Reservation

Group reservation (10 rooms minimum) will be handled by separate contracts and separate regulations. Please contact Mondial Congress & Events directly for further information at europrio7@mondial-congress.com.

GENERAL INFORMATION

Venue

Messe Wien Exhibition & Conference Center
Messeplatz 1, 1021 Vienna, Austria

Situated right on the edge of Vienna's inner city, the Messe Wien Exhibition & Congress Center is located in the very heart of the famous 'Prater' recreational area. It is a mere 30 minutes away from Vienna International Airport, and the historical city centre can be reached in 15 minutes via metro.

Conference Language

The Europerio 7 will primarily be held in English.

Simultaneous translation into German, French and Italian for all sessions in the Main Auditorium, as well as into German in the Dental Hygienists track will be provided. Other language translations will be provided upon request from the EFP national societies.

Currency | Weather | Time Zone

The official Currency in Austria is EURO (€).

Temperatures in Vienna in June usually range between 18–22° C by day, nights are cooler.

Vienna is in the Central European Time Zone, one hour ahead of Greenwich Mean Time (GMT).

Passport and Visa

Some delegates travelling to Austria may require a Visa. We suggest that applications for a Visa are made as soon as possible, as waiting times can be several weeks. Special letters of invitation can be obtained from the Conference Organisers upon request by e-mail to euoperio7@mondial-congress.com.

Bank and Exchange

Banking hours in general are Monday, Tuesday, Wednesday, Friday 08:00-12:30 and 13:30-15:00, Thursday 08:00-12:30 and 13:30-17:30. ATMs are located outside most banks, cash can be withdrawn there 24/7. National and foreign Maestro cards (cash cards) as well as Mastercard, AMEX, Visa and Diners are accepted. Credit cards are also accepted by numerous hotels, restaurants, shops and petrol stations.

Insurance and Liabilities

The organisers cannot be held responsible for any personal injury, loss, damage or accident to private property, or for additional expenses incurred as a result of delays or changes in air, rail, road or other services, strikes, sickness, weather and other causes. All participants are encouraged to make their own arrangements for health and travel insurance.

Smoking

For health and security reasons and as a courtesy to non-smoking participants, you are requested to refrain from smoking inside the congress centre.

Explore and enjoy...

VIENNA

This city always finds ways to **surprise** and **delight** you. Just take in its unique atmosphere, which is rich in history and tradition, yet also fresh and upbeat.

The **city centre** is a small universe in itself: discover historical palaces face to face with modern facades, and elegant boutiques next to trendy fashion stores.

When it comes to **food**, you should definitely try famous Austrian dishes such as 'Wiener Schnitzel' (breaded escalope of veal) and treat yourself to coffee and a slice of cake at one of Vienna's many cafés.

Music lovers may jump at a chance to see 'Le nozze di Figaro' or 'Tosca' at the Staatsoper, while others may prefer more modern fare offered during the annual 'Wiener Festwochen' festival.

When planning **your trip**, just remember that...

- travel to, from and within Vienna is quick and easy.
- in general, people speak English, and many also other foreign languages – so you'll be sure to find your way around.
- the weather in June is generally pleasant. Nights are cooler, so bring a sweater.

Get a feel of Vienna's **art** scene during a city walking tour, or while visiting one of Vienna's many museums. Must-sees will include Gustav Klimt shows both at Albertina and Belvedere Palace.

Sights not to be missed are St. Stephen's Cathedral right in the heart of the city, Schloss Schönbrunn, and the Giant Ferris Wheel at the 'Prater' fairground.
